

# 9<sup>th</sup> IMF Statistical Forum: Measuring Climate Change: The Economic and Financial Dimensions

November 17–18, 2021  
Washington D.C. time (EST)

## Agenda

November 17, 2021	
9:00 a.m.	<b>Welcoming Remarks</b> <b>Louis Marc Ducharme</b> , Chief Statistician and Data Officer, and Director, Statistics Department, IMF
9:05 a.m.	<b>Introduction to the Forum</b> <b>Bo Li</b> , Deputy Managing Director, IMF
<b>Session 1: Measuring Climate Change: The Economic Dimensions</b> <i>This session will discuss data needs for a better understanding of the economic aspects of climate change. It will consider the role of official statistics, including GDP, welfare, and environmental statistics, for decision makers. It will also discuss new methodological standards and their implications on economic and environmental policies.</i>	
9:15 a.m.	Introduction by the Chair, <b>Catherine Pattillo</b> , Deputy Director, African Department, IMF
9:20 a.m.	<b>Clíodhna Taylor</b> (United Kingdom, Office for National Statistics), with Robert Bucknall, Stephen Christie, and Richard Heys, <i>GDP and Welfare through an Environment Lens</i>
9:35 a.m.	<b>Viveka Palm</b> (Eurostat), <i>Eurostat's Climate Change Related Statistics</i>
9:50 a.m.	<b>Bram Edens</b> (United Nations Statistics Division), <i>The Potential of the System of Environmental Economic Accounting to Inform Climate Policy</i>
10:05 a.m.	Questions from the audience
10:35 a.m.	Break
<b>Session 2: Measuring Climate Change: The Cross-Border Dimensions</b> <i>This session will discuss data needs for a better understanding of the cross-border aspects of climate change. It will consider indicators of emissions embodied in trade, measures of trade in environmental goods, and factors related to emissions resulting from direct investment.</i>	
10:45 a.m.	Introduction by the Chair, <b>Evie Sylviani</b> , Director, Statistics Department, Bank Indonesia

10:50 a.m.	<b>Anu Peltola</b> (United Nations Conference on Trade and Development), with Diana Barrowclough, Rachid Bouhia, Onno Hoffmeister, and Daniel Hopp, <i>Trade, Investment, and Financial Aspects of Climate Change</i>
11:05 a.m.	<b>Maria Borga</b> (IMF), with Achille Pegoue, Gregory Max Henri Legoff, Alberto Sanchez Rodelgo, Dmitrii Entaltsev, and Kenneth Egesa, <i>Measuring Carbon Emissions of Foreign Direct Investment in Host Economies</i>
11:20 a.m.	<b>Ulrich Volz</b> (SOAS, University of London), with Emanuele Campiglio, Etienne Espagne, Jean-Francois Mercure, William Oman, Hector Pollitt, Gregor Semieniuk, Romain Svartzman, <i>Transboundary Climate-Related Risks</i>
11:35 a.m.	Questions from the audience
12:05 p.m.	Break
<b>Session 3: Measuring Climate Change: The Financial Dimensions</b> <i>This session will discuss data needs for a better understanding of the financial aspects of climate change, including financial and transition risk indicators. It will consider initiatives on the disclosure of climate-change related risks by financial institutions and the topic of sustainable finance to safeguard financial stability and economic growth.</i>	
1:45 p.m.	Introduction by the Chair, <b>Tobias Adrian</b> , Financial Counsellor and Director, Monetary and Capital Markets Department, IMF
1:50 p.m.	<b>Caroline Willeke</b> and <b>Malgorzata Osiewicz</b> (European Central Bank), with Romana Peronaci, Daphné Aurouet, Jörn Franke, Alessandro De Sanctis, and Davide Del Giudice, <i>Indicators on Granular Exposures to Climate-Related Physical Risks</i>
2:05 p.m.	<b>Elena Triebkorn</b> (Deutsche Bundesbank), with Maurice Fehr, Christine Schlitzer, Kerstin Gies, and Sascha Wengerek, <i>Short and Medium-Term Approaches to Closing Climate Data Gaps: German Experiences and Conclusions on the Way Forward</i>
2:20 p.m.	<b>Ville Tolkki</b> (Bank of Finland), with Antti Hirvonen and Anu Karhu, <i>Carbon Footprint of Bank Loans to Domestic Non-Financial Corporations</i>
2:35 p.m.	Questions from the audience
3:05 p.m.	Break
<b>Session 4: Measuring Climate Change: Country Cases</b> <i>This session will discuss challenges faced by three countries in their endeavor to measure climate change using international statistical standards. It will consider the implementation of the System of Environmental Economic Accounting and present new opportunities offered by geospatial information.</i>	
3:15 p.m.	Introduction by the Chair, <b>Vitor Gaspar</b> , Director, Fiscal Affairs Department, IMF
3:20 p.m.	<b>Scott Wentland</b> (US, Bureau of Economic Analysis), with Julie L. Hass, Dennis Fixler, and Kelly Wentland, <i>Accounting for Climate Change and Environmental Activity: Implementation Challenges in the US</i>
3:35 p.m.	<b>Julio Santaella</b> (Mexico, National Institute of Statistics and Geography (INEGI)), with Francisco Guillén, and Rodolfo Orozco, <i>The Importance of Geospatial Information Measuring Climate Change: Mexico's Experience</i>
3:50 p.m.	<b>Ricardo Valencia Ramirez</b> , (Colombia, National Administrative Department of Statistics (DANE)), with Diego Andrés Coboleda Martínez, Jenny Johana Rosado

	Ortíz, Juan Pablo Cardoso, Ángela Patricia Casas, Camilo Andrés Méndez, Carlos José Giménez, and Nicolás Paipa, <i>The System of Environmental Economic Accounting: Approaches from Colombia</i>
4:05 p.m.	Questions from the audience
4:35 p.m.	End of first day
<b>November 18, 2021</b>	
<p><b><i>International Efforts to Measure the Impact of Climate Change</i></b></p> <p><i>The session will present the updated IMF <a href="#">Climate Change Indicators Dashboard</a>, first launched in April 2021, and showcase how it can contribute to statistical cooperation on climate change related data. The Dashboard is a single platform that brings together experimental climate change indicators and facilitates comparison across countries, developed in cooperation with other international organizations. In addition, this session will include a panel discussion to explore key issues in measuring climate change in macroeconomic statistics by various international organizations. The panel will also discuss ongoing efforts to enhance the availability and accessibility of relevant climate change data to support policy decisions and public awareness.</i></p>	
9:00 a.m.	<p><b><i>The IMF Climate Change Indicators Dashboard</i></b></p> <p><b>Presenter:</b> <b>Gabriel Quirós-Romero</b>, Deputy Director, Statistics Department, IMF</p>
9:30 a.m.	<p><b><i>Panel Discussion 1: Key Issues in Measuring Climate Change in Macroeconomic Statistics</i></b></p> <p><b>Moderator:</b> <b>Louis Marc Ducharme</b>, Chief Statistician and Data Officer, and Director, Statistics Department, IMF</p> <p><b>Panelists:</b></p> <p><b>Nathalie Girouard</b>, Head of Division, Environment Directorate, OECD</p> <p><b>Stéphane Hallegatte</b>, Senior Climate Change Advisor, Climate Change Group, World Bank</p> <p><b>Nick Johnstone</b>, Chief Statistician and Head of the Energy Data Center, International Energy Agency</p> <p><b>Debora Revoltella</b>, Director, Economics Department, European Investment Bank</p> <p><b>Reena Shah</b>, Chief, Environment Statistics Section, United Nations Statistics Division</p> <p><b>Fabio Natalucci</b>, Deputy Director, Monetary and Capital Markets Department, IMF</p>
10:30 a.m.	Questions from the audience
11:00 a.m.	Break
<p><b><i>Panel Discussion 2: Climate Change and Statistics—The Road Ahead</i></b></p> <p><i>This panel will discuss the role of economic and financial statistics in informing decision makers and the public on climate change related trends. It will explore data gaps that are essential for tracking progress towards a greener and more sustainable growth model following the COVID-19 crisis.</i></p>	
1:30 p.m.	<p><b>Moderator:</b> <b>Gillian Tett</b>, Chair of the Editorial Board and Editor-at-Large, Financial Times</p> <p><b>Panelists:</b></p> <p><b>Mia Mottley</b>, Prime Minister of Barbados</p>

	<p><b>Amar Bhattacharya</b>, Senior Fellow, Center for Sustainable Development, Brookings Institution</p> <p><b>James Stock</b>, Vice Provost for Climate and Sustainability, Harvard University</p> <p><b>Eric Van Nostrand</b>, Head of Research for Sustainable Investments and Multi-Asset Strategies, BlackRock</p> <p><b>Kristina Kostial</b>, Deputy Director, Strategy, Policy and Review Department, IMF</p>
2:30 p.m.	Questions from the audience
3:00 p.m.	<i>Break</i>
<b><i>Keynote Speech and One-on-One Discussion between Professor Johan Rockström and IMF Managing Director</i></b>	
3:15 p.m.	<p><b>Introduction by Gerry Rice</b>, Director, Communications Department, IMF</p> <p><b>Keynote Speech: Johan Rockström</b>, Director, Potsdam Institute for Climate Impact Research, <i>The Post-Pandemic Climate Challenge – Holding the 1.5°C Line</i></p>
3:45 p.m.	<p><b>One-on-One Discussion</b></p> <p><b>Johan Rockström</b>, Director, Potsdam Institute for Climate Impact Research</p> <p><b>Kristalina Georgieva</b>, Managing Director, IMF</p>
4:10 p.m.	<b>Closure</b>
