

**AFRICAN DEPARTMENT  
RESIDENT REPRESENTATIVE- MALAWI**

## **ECAMA ANNUAL CONFERENCE November 2019**

### **Macroeconomic Developments in Malawi**

**Farayi Gwenhamo**

[ECAMA 2019 Annual Conference](#)

**2019 ECAMA ANNUAL GENERAL MEETING  
HELD FROM 7th-8th NOVEMBER AT SUNBIRD NKOPOLA LODGE.**

# Roadmap

- **Macroeconomic Developments and Outlook**
- **Implications on poverty reduction in the context of a growing population**
- **Role of the IMF**

# Real GDP growth expected to rebound

Source: IMF Staff Estimates and Malawian authorities.

# Inflation has stabilized, converging to regional averages

Source: IMF World Economic Outlook database.

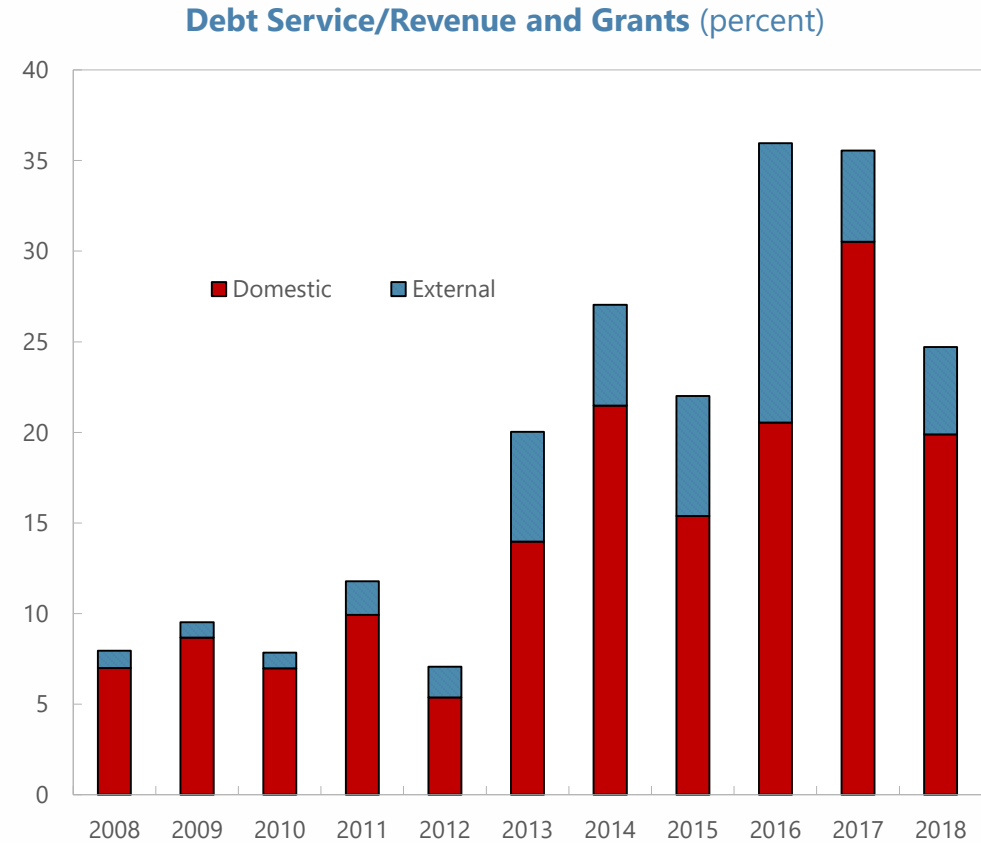

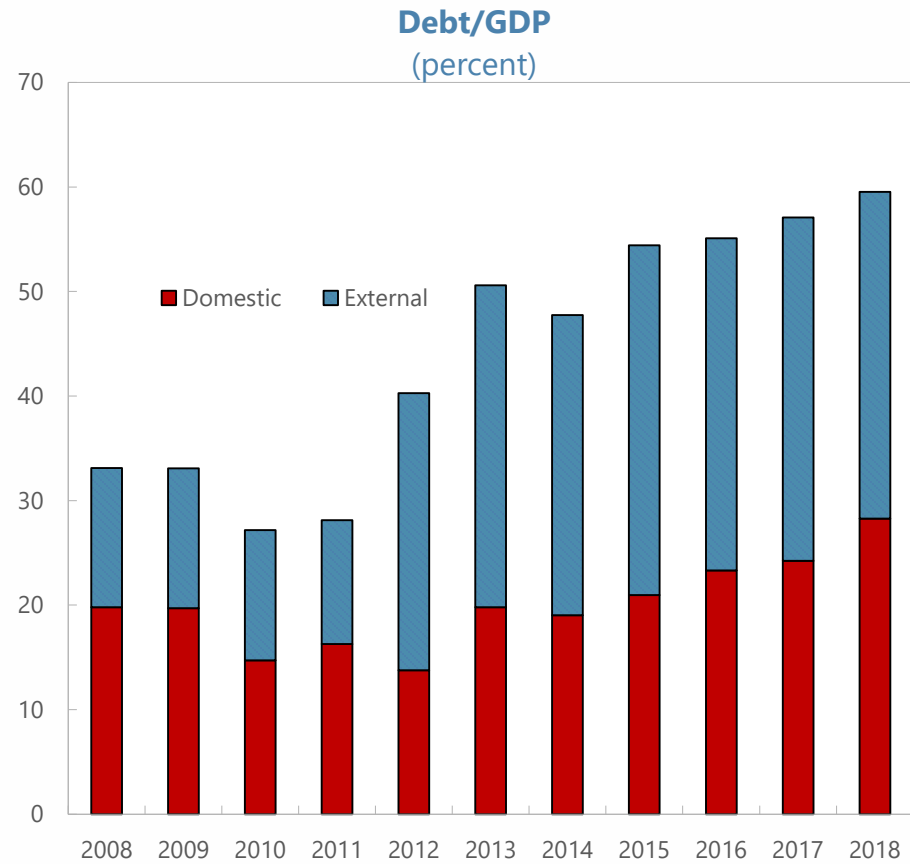

# Fiscal Consolidation is ongoing but is it sufficient and pro-growth?

Overall Balance (Percent of GDP)

Source: IMF World Economic Outlook database.

# Debt Vulnerabilities are still high

# Donor assistance has not recovered...

## Evolution of Donor Assistance (Fiscal years, percent of GDP)

Source: IMF, Malawian country authorities

## Looking Ahead

- **Malawi made substantial gains on the Macroeconomic Stability Front?**
- **Is this sufficient to deliver visible poverty reduction on the back of growing population?**
- **Need to address:**
  - ✓ **Vulnerability to climate shocks**
  - ✓ **Human capital**
  - ✓ **Continue to strengthen governance**

## Per capita income remains far below SSA average

Sources: World Bank

## Poverty remains high

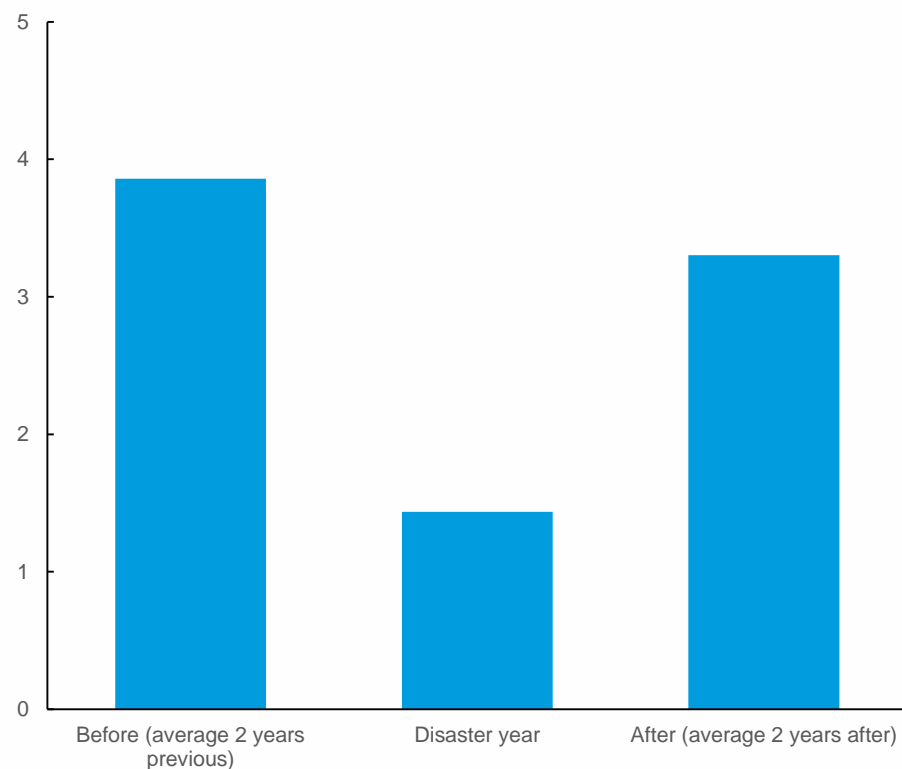

Sources: World Bank.

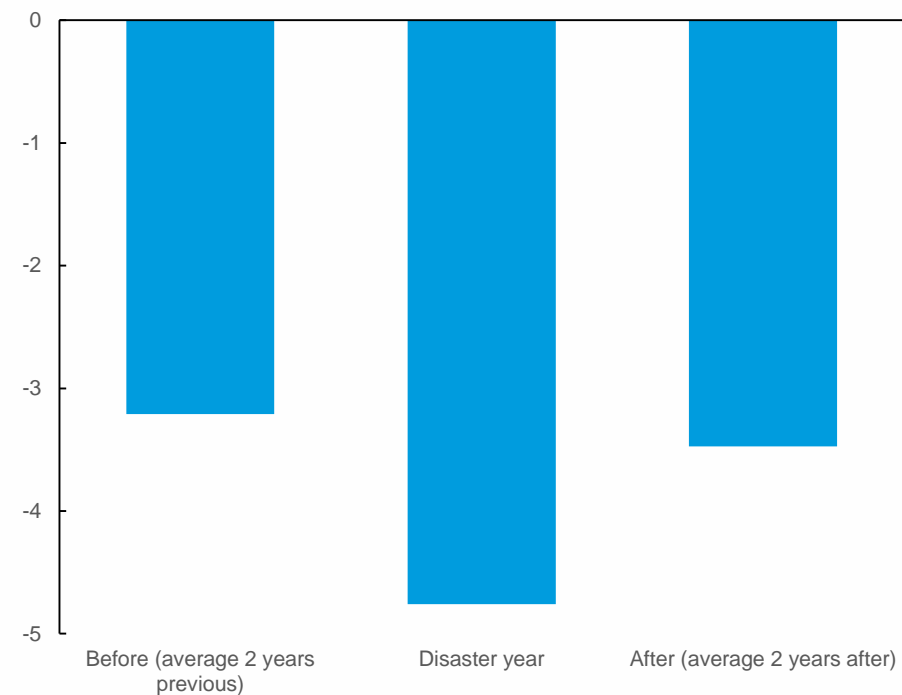

# Need to address vulnerabilities to Natural Disasters

## Event Analysis of the impact of shocks

Real GDP Growth, in Percent

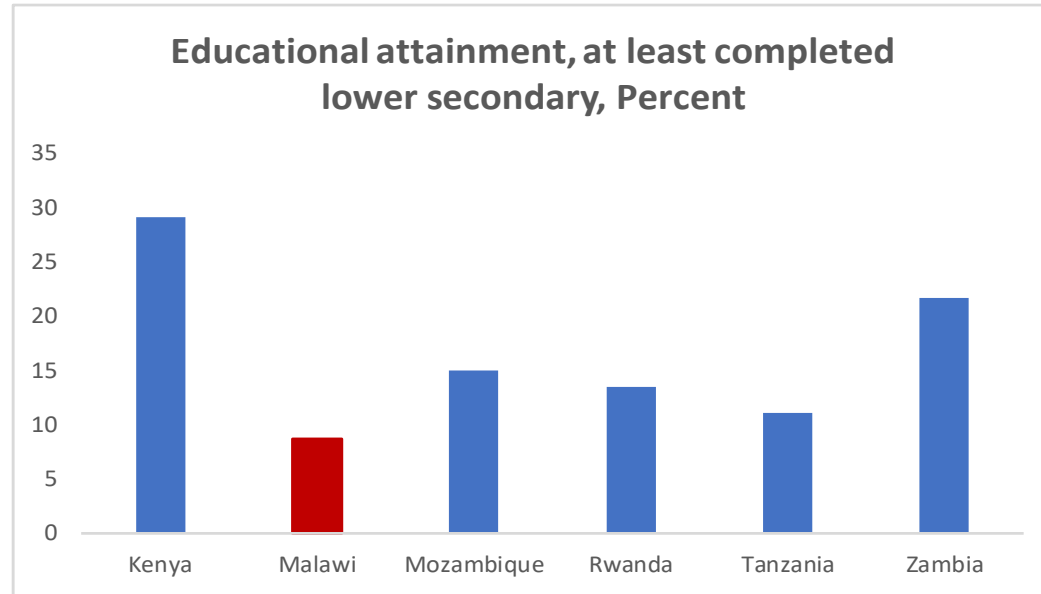

Overall Balance

Sources: IMF Staff estimates

## Educational Attainment, Percent of total

## Human capital

Sources: World Bank

## **Role of the IMF**
