**Framework Administered Account for Selected Fund Activities:
Managing Natural Resource Wealth Topical Trust Fund Subaccount**

Prepared by the Legal and Finance Departments, and the Office of Technical Assistance
Management

1. In March 2009, the Fund established a new Framework Administered Account to administer external financial resources for selected Fund activities (the “SFA Instrument”).¹ The financing of activities under the terms of the SFA Instrument is implemented through the establishment and operation of a subaccount within the SFA. This paper requests Executive Board approval to establish the Managing Natural Resource Wealth (MNRW) Topical Trust Fund (TTF) subaccount (the “Subaccount”) under the terms of the SFA Instrument.
2. Management and Staff have discussed with donors scaling up the Fund’s capacity building, training, and related activities in the area of managing natural resource wealth. Economic policy capacities and effective institutions are prerequisites for turning the revenue from natural resources into sustainable development and poverty reduction. The partnerships with donors will take the form of a topical trust fund. The MNRW TTF will build capacities and institutions in the fiscal, financial, and statistical areas specifically for dealing with revenue from oil, gas, and minerals. The trust fund would provide the opportunity to key stakeholders active in the natural resources area to leverage the Fund’s proven technical expertise, while facilitating coordination among donors and TA providers.
3. On the basis of the above, the Managing Director has established essential terms and conditions of the Subaccount, with respect to the nature, design, and implementation of the activities to be financed and the method by which the costs of the activities will be financed from the Subaccount. These essential terms and conditions include the following:
 - a. The resources of the Subaccount shall consist of amounts contributed to the Subaccount by donors (“Contributors”), and earnings that accrue as a result of the investment of these amounts (net of any costs associated with such investments). The

- resources of the Subaccount will be used to finance capacity building, training, and related activities, consistent with the purposes of the TTF.
- b. Each Contributor will consent to essential terms and conditions of the Subaccount before the Managing Director may accept the Contributor's resources into the Subaccount.
 - c. Resources will be placed in the Subaccount by each Contributor after signature of a Letter of Understanding between the Contributor and the Fund. The subaccount will permit Contributors to transfer resources from any bilateral subaccount under the SFA into the MNRW subaccount.
 - d. Contributors may join the Subaccount at any time. A Contributor's consent to the essential terms and conditions of the Subaccount will constitute the Contributor's ex ante concurrence to any additional Contributor joining the Subaccount on the latter's consent to the same essential terms and conditions.
 - e. A Contributor may withdraw from the Subaccount, and receive a retransfer of its net contributions, without precipitating the termination of the Subaccount.
 - f. To help defray the expenses incurred by the Fund in the management of the Subaccount that it will finance, reimbursement equal to seven percent of the expenses financed from the Subaccount will be paid to the Fund from the Subaccount.
4. The essential terms and conditions of the Subaccount are consistent with the terms of the SFA Instrument, and the activities to be financed from the Subaccount are consistent with the purposes of the Fund. Accordingly, it is proposed that the Executive Board approve the establishment of the Subaccount.
