

Uganda: Statistical Appendix

This Statistical Appendix paper for **Uganda** was prepared by a staff team of the International Monetary Fund as background documentation for the periodic consultation with the member country. It is based on the information available at the time it was completed on **January 29, 2003**. The views expressed in this document are those of the staff team and do not necessarily reflect the views of the government of **Uganda** or the Executive Board of the IMF.

The policy of publication of staff reports and other documents by the IMF allows for the deletion of market-sensitive information.

To assist the IMF in evaluating the publication policy, reader comments are invited and may be sent by e-mail to publicationpolicy@imf.org.

Table 35. Uganda: Summary of the Tax System as of July 1, 2002
(All amounts in Uganda shillings)

Tax	Nature of Tax	Exemptions and Deductions	Rates
1. Income taxes (Income Tax Act, 1997)	<p>Tax is imposed on the income of resident companies which accrue worldwide and on the income of nonresident companies from sources in Uganda.</p> <p>The taxable income of nonresident companies is calculated in the same manner as that of resident companies and taxed at the same rate. Losses can be carried forward.
