

The Ninth IMF-Japan High-Level Tax Conference for Asian Countries

CRS Implementation – Japan

Hayato Furukawa

Director, International Operations Division, NTA

- By the Tax Reform of 2015, procedures have been introduced by which financial institutions in Japan report information on non-residents' financial accounts to NTA annually by the end of April.
- Based on this information, NTA will implement CRS information exchange annually from this year.
- This information exchange will take place with about 80 jurisdictions.
