Global Financial Stability Report

The *Global Financial Stability Report* provides expert and up-to-date analysis of global capital flows that play a critical role in world economic growth and financial stability.

Public Financial Management and Its Emerging Architecture

Not merely a handbook describing practices in the field, this book takes stock of the most important innovations that have emerged over the past two decades, including fiscal responsibility legislation, risk management techniques, performance budgeting, and accrual accounting and reporting.

Fiscal Monitor

The *Fiscal Monitor*, published twice a year, surveys and analyzes developments in public finance, updates medium-term fiscal projections, and assesses policies to put public finances on a sustainable footing. The *Monitor's* projections are based on the same database used for the *World Economic Outlook*.

Germany in an Interconnected World Economy

This title focuses on the possible economic role of Germany and looks at the effects of a German fiscal stimulus on the heavily indebted euro area periphery countries. It finds that Germany itself faces a growth challenge and that more rapid growth to domestic demand will more powerfully stimulate European economic growth.
