| Nicaragua | RCF/RFI | "We are committed to follow the highest standards for fiscal transparency, to mitigate any risks related to governance and corruption vulnerabilities, and to ensure that emergency spending reaches the intended population. We have already enacted regulations that enable the online publication of beneficial owner(s) of all public procurement contracts (prior action, Table 1). The publication of contracts (under bidding and tender processes), which began October 15, 2020, contains contract amounts, the specific nature of the goods or services procured and their price per unit (where applicable), the names of the awarded entities and their beneficial owner(s), and the names of the public officials awarding the contracts (see website www.gestion.nicaraguacompra.gob.ni/siscae/portal). We recognize the importance of ensuring that emergency spending is properly accounted for and began publishing all COVID-19 related contracts signed since June 2020 (see website http://www.nicaraguacompra.gob.ni/contratos- covid-19/Contratos%20Covid%2019). In addition, we have consulted with IMF staff the terms of reference for an external, independent firm to audit all COVID-19 related expenditures, including funds channeled through the UNOPS and the WFP (prior action, Table 1). To enhance fiscal transparency, we began to publish the financial statements of the five largest state-owned enterprises—namely ENATREL, ENEL, PETRONIC, EPN, and ENACAL— covering the period 2015–19.
